

# ENOUGH IS ENOUGH WEDNESDAYS!

**Wednesday Actions to Demand Accountability**

*Beginning November 29, 2017*

*through January 17, 2018; 12 noon - 1:00 pm*

The President and his administration must be held accountable. Their behavior is immoral and illegal, and is destroying America. They do not represent us. Silence allows this to continue. Waiting for others to act is also silence. **We will not stay silent!**

## **JOIN US:**

Beginning on November 29, we will gather each Wednesday at noon in the center of Amherst, Massachusetts (corner of Main and E. Pleasant).

We invite everyone to join us - **anywhere you are**. Go to the center of your town. Or just step outside your home and office. Bring signs, drums, pots and pans, noisemakers.

We will stand up each Wednesday before the national march planned for January 20th, saying clearly, "*Enough is Enough!*"

- Enough corporate control of government!
- Enough racism, sexual abuse of women and bigotry from the highest offices of the land!
- Enough allowing the fossil fuel industry to destroy the environment and indigenous rights!
- Enough warmongering and nuclear proliferation!

AND:

- We stand for respect, safety and opportunity for all people!
- We stand for moral leadership in all branches of government!
- We stand for a government that protects our environment!
- We stand for the rule of law and a politics of love!

## **REGISTER AND POST YOUR PICTURES.**

Anywhere you are, whether you are one...or many, share a picture of yourself:
